To whom it may concern:

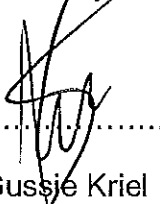

LETTER OF REFERENCE:

CO Designs has been a preferred supplier of furniture to the SANLAM Group for approx. 15 to 20 years. During this period they have supplied the group with a substantial number of workstations. We have found their furniture to be good value for money. We have established an excellent business partnership.

Their contract has been renewed more than once and is in place till December 2015. Since dealing with the staff at CO Designs, I have found the service to be of high quality.

I take pleasure in recommending CO Designs as a preferred supplier of furniture to your organization.

Sincerely,

.....

Gussje Kriel
