

The Orcon conference table range consists of organically shaped tables that nest, stack, and clip together.

# Orcon Table Methodology

## Activity-Based Working

Activity Based Working provides businesses with the opportunity to rethink how changing their work methodologies can contribute to a more efficient way of achieving their strategic objectives.

Spaces that are flexible and/or designed around various tasks/activities facilitates this new work-style philosophy.

Activity Based Working enables each person to organize their work activities in a productive and enjoyable way that best suits what they need to do, and who they need to do it with..

# 01

An example of how Orcon Tables can be used in an Activity Based Working environment can be seen below
